The URBAN EXPO & FORUM TRIPOLI

15-16 March 2023 - Corinthia

Joined Event

The Urban Expo & Forum after two consecutive editions, the event situated as the only hub, where the Libyan Urban Development prospects are refined to become strategies and policies.

The aim is to have these debates open to the public and stakeholders from planners, architects, policymakers, and financiers, all these experts and more all keen to pursue a thrived future for the Libyan population.

This will be an opportunity for a selective group of engineering consulting companies to participate in the exhibition, to urge them to conclude partnerships with international firms, to expand and acquire management skills, design, and supervise the current real estate development projects announced by the public and private sectors,

The most important feature that distinguishes this edition of the Urban Exhibition and Forum Tripoli 2023

- ▶ A photo gallery will be organized entitled “**Italian Rational Architecture in Libya**” in cooperation with the Italian Embassy in Tripoli, the Trade Mission, and the Italian Cultural Center.
- ▶ A panel discussion will be held about the exhibition in the presence of the architects **Walter Baricchi** and the architect **Giuseppe Cangialosi**, in which light will be shed on the project to rehabilitate the Islamic Secondary School in Dhahra, which is being implemented by the **Organization and Development Administrative Centers (ODAC)**.

ITALIAN DESIGN DAY 2023

The Italian Design Day is the annual thematic review launched in 2017 by the Ministry of Foreign Affairs and International Cooperation in collaboration with the Ministry of Culture. It includes a rich schedule of promotional events organized by the network of Embassies, Consulates, Italian Cultural Institutes and ICE Offices abroad which over the years has established itself as an effective tool for the promotion and internationalization of Italian design.

The theme of the 2023 edition of the Italian Design Day is: **“Quality that illuminates. The energy of design for people and the environment”**.

This day will include several events and activities, the most important of which is a presentation of the most important Italian designers in the field of lighting, and some of the leading Italian companies in this field, focusing on the creative cycle of the product from design to the use of appropriate materials to implement the product professionally.

On this day, the forum will host the Italian Architect , **Alessandro Colombo**, to talk about his creative experience. In addition to hosting several Libyan personalities in the field of design.
